

PULSE 2i

Premium Wireless Streaming Speaker

THE ONE AND ONLY ALL IN ONE. The most complete high fidelity streaming system available, the PULSE 2i fills large spaces with rich, clear audio. When it comes to your music, don't settle for anything less than high-fidelity.

STREAM IT LIKE YOU MEAN IT. Our most powerful speaker just got a whole lot more powerful. The PULSE 2i gets a complete acoustic makeover with all new driver and amp technologies that more than double the output in the bass frequencies while lowering distortion. Upgraded tweeters expand the sweet spot for listening, and the most sophisticated DSP engine available extends a true stereo sound field far beyond the limits of other all-in-one speakers. High-end DAC technology built into every Bluesound player can decode and stream MQA files in all their lossless glory.

RULE YOUR SONIC DOMAIN. In addition to best-in-class dual band WiFi, the PULSE 2i now has AirPlay 2 built-in for easy integration into the Apple ecosystem, making it more flexible than ever. Bluetooth performance is seriously stepped up with native support for aptX HD, and the ability to transmit studio quality music to Bluetooth headphones and speakers.

DIGITAL AMPLIFIER
AIRPLAY 2 INTEGRATION
DUAL BAND WIFI + GIGABIT ETHERNET
QUALCOMM aptX® HD
STREAM TO/FROM PLAYER WITH BLUETOOTH
2 x 25mm (1") TWEETERS
2 x 133mm (5.25") WOOFERS
