

# Measure it E

## Electronic stylus balance

MSRP 35 € (incl. VAT)

- 4 digit LCD display with backlight
- 4 weighing modes
- Wide capacity 0 - 5g
- Calibration weight
- Precision data readouts with low variance
- Auto calibration function
- Auto power off after 30 seconds
- Low power consumption
- Button cell batteries included

### Colour options: ●

**Capacity:** 0 - 5g  
**Variance:**  $\pm 0,002g$   
**Weighting modes:** gram (1g = 10mN), ounce (oz), pennyweight (dwt) and carat (ct)  
**Display:** 4 digit LCD with backlight  
**Calibration:** Auto calibration using a 5g weight  
**Auto off:** 30 seconds off  
**Replacement battery:** 2 x LR43 (AG12) button cells  
**Operating temperature:** +10 - +30°C (50 - 86 degrees Fahrenheit)  
**Dimensions (W x H x D):** 96 x 21 x 43mm  
**Weight:** 49g

## Stylus gauge for reliable tracking force calibration

The Measure it E Stylus Tracking Force Gauge is a highly accurate electronic balance that is designed for measuring stylus tracking forces up to 5.0 grams in 0.002 gram increments. Each Measure it E can easily be calibrated using the supplied calibration weight and by pushing a button. Whenever in doubt about the actual amount of pressure on the diamond tip the 4 digit display of this smart tool will help. Armed with precise information about tracking force, your stylus tip wear can be significantly reduced.
