

Debut III S audiophile

„Another excellent Pro-Ject Debut turntable and one you need to hear.“

Our Rating

For

Solid design, smart finish
Clear, natural treble
Good detail and dynamics

Against

Not much at all

Sound: There's a good level of detail and decent dynamics, and the Pro-Ject handles the full sonic spectrum without wavering.

Verdict:

Product ranges don't hang around for the best part of 20 years without reason. The Debut III S audiophile is solidly designed and smartly finished. All in all, this is another excellent Pro-Ject Debut turntable and one you need to hear.
